

Complete the manufacturing training... Improve your employment opportunities!

The West Central Ohio Manufacturing Consortium includes some of the area's most prominent companies. It sponsors a course to teach potential employees the skills to enhance their chances for a career in manufacturing. **The 40-hour course will be held on Tuesdays and Thursdays, February 6 to April 12, 6:00 to 8:00 pm, at Rhodes State College, Lima. Complete the 10 week course and earn referrals, job opening information, invitations to job fairs, mock interview days and other events that enhance your chances for employment. To register, phone 419-995-8353.**

This course now includes a module with hands-on training in Integrated Systems troubleshooting, along with National Career Readiness Certification assessments, basic math & measurement, quality, safety in the workplace, resume writing, teamwork, communication, soft skills. And more!

To register, contact the WCOMC at 419-995-8353 by February 2.
